

Agape Licensed Spiritual Practitioners (ALSP)
are the Healing Arm of the
Agape International Spiritual Center

"A Practitioner is not merely a body of knowledge but rather a state of consciousness that realizes oneness with the Infinite. Dedicated to first demonstrating the New Thought Ageless Wisdom principles within their own life, a Practitioner then serves as a spiritually therapeutic agent of the Spirit for the upliftment of every man, woman and child who requests healing of body mind and spirit."

Rev. Michael Bernard Beckwith
Founder and Spiritual Director
Agape International Spiritual Center

Who We Are

We are Professionals

Licensed by Agape after successful completion of a four year consciousness building program that includes advanced practice of Universal Truth Principles and specific studies in spiritual counseling.

A Practitioner is

A Healing Instrument, who has answered the call to put God first and foremost in her or his life. An Agape Licensed Spiritual Practitioner (ALSP) lives by Universal Spiritual Principle, using the spiritual technology of affirmative prayer, meditation, and life visioning in healing and counseling. Agape Practitioners know the power of consciousness & thought. We are adept at the art of compassionate listening and beholding the Truth of the person sitting before us.

"Affirmative Prayer activates the Truth about who we are as individualized expressions of the Spirit."

Rev. Kathleen McNamara, President
Agape Sacred Order of Practitioners

- Direction
- Healing & Transformation
- Wholeness

Working with a practitioner allows your greatness to continuously shine, unfold, and expand.

What We Offer

Spiritual Counseling

Working with a Practitioner is similar to other types of counseling & coaching, except that ALSP's are applying spiritual principle. We begin with the idea that the client is already perfect and our work is to assist them in revealing that perfection.

Each Spiritual Counseling Session begins and ends with a 6-step Affirmative Prayer, which is a scientific form of healing prayer. In this field of prayer, the practitioner assists the client in realizing the spiritual truth about their life, thus releasing false beliefs and limitations. Clients experience more Clarity, Vitality, Ease, Joy, Fulfillment, etc.

Sacred Ceremonies & Rituals

Agape Practitioners are available to perform Sacred Ceremonies and rituals such as weddings, baby blessings & namings, house blessings, memorial services and other commemorative celebrations of life events.

Visioning

Agape was birthed out of a powerful process originated by Rev. Michael Bernard Beckwith called Life Visioning. ALSP's are available to facilitate this process for individuals, groups and organizations. Visioning is designed to reveal God's vision of any endeavor. Visioning assists in gleaming what's possible, gaining a clear vision, and can inform next steps.

Ways We Serve

Workshops & Classes

Practitioners offer classes, workshops and teleseminars on a variety of subjects that teach Ageless Wisdom Principles. Subjects include but are not limited to: personal growth, meditation, communication, mindfulness, affirmative thinking, productivity, prosperity, affirmative prayer, finances, etc.

Public Speaking

ALSP's provide powerful transformational and motivational talks. Agape Practitioners are available as speakers for events, meetings, trainings, keynotes etc.

Holding Vigil & Facilitation

Agape Practitioners are trained facilitators. We are adept at leading groups and meetings. Also businesses and individuals often call on Practitioners to maintain a prayerful presence through meetings, while awaiting news, and during challenges such as court proceedings, domestic and business dispute resolutions, as well as personal challenges. Practitioners are available in person or remotely, to Hold the High Watch aka Hold Vigil, maintaining an unwavering awareness of Harmony, Grace, and Divine Order.

Meditation

Practitioners also are available to guide and to teach meditation techniques as well as, its benefits to daily life, health, well-being, productivity, and performance, etc.
